Professional Experience

Frontend Developer

WebPoint Technologies – Kathmandu, Nepal
April 2023 – Present

Responsibilities:

- Developed interactive and responsive interfaces using React.js and Tailwind CSS.

- Built reusable UI components and improved design consistency across the platform.

- Integrated RESTful APIs and handled state management using Redux and React Query.

- Collaborated with backend team to refine API structure and improve data handling.

- Performed code reviews, optimized performance, and fixed UI/UX bugs.

- Converted Figma designs into pixel-perfect implementations.

Key Achievements:

- Reduced bundle size by 20% through optimization and code splitting.

- Led the redesign of the dashboard UI, improving user engagement by 25%.
